A message from our Management Team, to our Valued Customers and Partners:

As COVID-19 (novel coronavirus) continues to affect us all, MECA Electronics would like to let all our valued customers and distribution partners know what measures we are taking to mitigate any impact to customer deliveries.

Company Industry Classification

MECA Electronics, located in Denville NJ. We are an essential (OEM) business and a member of the Defense Industrial Base (DIB), which is considered a critical infrastructure sector by the U.S. federal government. As a result, and in accordance with various New Jersey Executive order(s), MECA Electronics will continue its business operations while taking necessary precautions based on recommendations from the Centers for Disease Control and Prevention (CDC) and our local authorities.

Company Operational Status as of: Q2 2021

We continue to operate within nominal operational limits of services within the company, this includes supply chain, product build capacity and delivery of our products. However, we continue to experience delays from our supply chain and have taken measures to notify affected customers as or when needed.

We are adhering to all recommendations from U.S. Centers for Disease Control and Prevention (CDC), State of New Jersey and our local authorities.

We continue to assess the situation ongoing and posting quarterly status summaries unless there are reasons to post updates sooner.

Actions we are taking:

Precautionary measures have been implemented company-wide with the aim of preventing the spread of germs through industry best practices such as; increased facility cleaning and disinfection cycles, travel and visitor restrictions, work from home policies where possible, social distancing, hand washing, etc. Additionally, we have taken a proactive approach to contacting our supply chain to ensure that we have the most current information on material deliveries so that we can mitigate any impacts to customer deliveries in advance. Should we experience delays, these will be communicated to customers as soon as they are known.

We would like to remind all customers and partners that Sales & Technical Support are always available during our normal hours of operation (8:30 AM to 5:30 PM EST) or by leaving a message on our after working hours Sales & Technical Support Hotline, accessible by dialing our main phone number; 973-625-0661.
